# Blue Sunday

Blue Sunday is a nine-piece youth blues band with ages ranging from 14 to 18 years old. The rhythm section is comprised of Henry on the drums, with Gregory on the bass. The guitarists Bert and Leo, plus Avik on the keys, add layers and depth. Experienced vocalists, Shi & Patience, create both rich solos and beautiful harmonies with their varying vocal textures. Rounding out the group are Logan on trumpet and Enzo on sax. These horns make this band truly something special in the blues world. Blue Sunday aims to play a variety of blues literature, from the traditional 12 -bar blues to more nuanced modern blues.

Blue Sunday is one of the four bands of BluesEd, a youth music development program in the Omaha metro. BluesEd is celebrating its 25th year in 2026 and is sponsored by the Blues Society of Omaha.
